Educate, empower, emancipate.

Dear Friends,

Since the inception of Foundation for Freedom in 2007 we have supported 23 schools in 7 developing countries - and touched nearly 4000 children's lives! Our heart-felt THANKS to you all for your support!

Today, about 250 million children in the developing world are deprived of food, clothing & shelter. Only literacy can make them self-reliant, empowering them to a future free from poverty, hunger and servitude.

Recent period of economic turmoil has made negative impact on charitable contributions. But we remain steadfast in our mission of promoting literacy. We urge you to donate liberally to Foundation for Freedom, and help support our philanthropic mission. We are a 501.c.3 non-profit organization, so 100% of your donations are tax deductible. Please contact us if you have any questions or need more information.

Sincerely,

Sakti Das
